

## Discover – HOW

Karnavati University transformed education with our advanced video SaaS !

[>> Learn More](#)

Nudigs is a video management platform from UbiCast, France that is hosted and managed in India by A&T Video Networks. It helps educational institutes create digital libraries of lectures

**Join us for a short case study on our successful collaboration with Karnavati University, Gujarat,**

The Karnavati University hosts multiple lectures, including guest lectures by industry leaders.

After deploying Nudigs, not only are they recording lectures from 50 classrooms but they also found additional benefits. Social learning and the ability to create powerful micro-content have changed the way their students learn.

### Nudigs - Key Features

#### Digital library

Create and access lectures anytime, anywhere from a single repository

Engaging lecture videos allows students and teachers to interact with each other

#### Introduce social learning

#### Repeated viewing of recorded videos

Video based revision helps students perform better

Students can take personal notes on the video to understand the lecture better

#### Personalized notes and comments

#### Auto Indexing & Trimming

Automatically indexed videos make it easy to create digital libraries

Long Video clips can be changed into small topic-focused videos

#### Micro-content Learning

#### Easy search

Easily search content using OCR technology

Helps teachers understand the needs and interests of students

#### Detailed analytics

#### Secure access

Restrict access to students based on to specific students needs

**Don't just take our word for it – book a free demo and witness the transformative power of UBICAST for your students!**
